| | Education and outreach | | | | | | | |
| | Veteran Resilience Project's (VRP) goal for the establishment of our outreach and educational program across Minnesot is to ensure that all Veterans and Service Members struggling with trauma, including PTSD and Military Sexual Trauma will have access to effective, evidence-based therapy that will provide them with the opportunity to heal from their trauma. By building collaborative relationships with organizations specifically serving Veterans and service members, and community-based organizations including health systems, faith communities and social service agencies, Veteran Resilience Project is increasing their visibility and building a broader understanding of the efficacy of EMDR. In 2022, VRP reached 2,000 Veterans and Service Members with educational materials and mental health resources and | | | | | | | |

| | A cornerstone of Veteran Resilience Project's work is to build a statewide network of EMDR certified therapists who are accessible and can respond quickly to the needs of Veterans and Service members. Despite efforts to increase access to appropriate mental health care, military Veterans continue to face barriers to PTSD treatment with the largest single barrier being the lack of provider appointment availability. An acute shortage of doctors in the VA particularly in primary care, combined with the rising population of Veterans seeking treatment, has led to months-long | | | | | | | |
| | waiting times. The number of Veterans experiencing homelessness is growing, as well as the number of Veteran and Service members who die by suicide each year. This is a crisis in Minnesota, and VRP is in a position to respond quickly In 2022, VRP built a network of 40 EMDR therapists across Minnesota trained in understanding Military culture and the special needs of Veterans and Service Members. This is the largest network in the State. Many of the EMDR therapists in the VR See Part III, Ln 4b statement | | | | | | | |

Continuation Statement

Description network offer therapy through telehealth which has opened opportunities to reach Veterans and Service members in rural

communities and remote areas. Our expectation is to double the number of EMDR therapists who join the VRP

network in 2023. EMDR Therapists contract with VRP and through our funding they are able to offer 12 sessions of EMDR

therapy free of charge for all Veterans and Service Members residing in the state. The number of Veterans experiencing

homelessness is growing, as well as the number of Veterans and Service members who die by suicide each day.

The need for accessible mental health services is now a crisis, and VRP is positioned to respond quickly.
